European Cutting Tool Conference 2022 in Switzerland

ECTA will hold the European Cutting Tool Conference from June 30 to July 2, 2022, in Rüslikon, Switzerland, at invitation of SwissMem.

Frankfurt, July 20, 2021 – "In 2022 the European Cutting Tool Conference will be held in Switzerland," announced the European Cutting Tools Association (ECTA) on Wednesday.

Thanks to the invitation of ECTA's Swiss member association SwissMem, the European association will hold its conference, which has been postponed several times due to the ongoing coronavirus pandemic, from June 30 to July 2, 2022, in Rüslikon, CH. Unfortunately, the next ECTA conference cannot take place in Bordeaux as initially planned.

The European Cutting Tools Association (ECTA) is the European association of cutting tool and clamping technology manufacturers. ECTA regularly organizes world conferences and European branch events at various locations.
